

We've gotten multiple solicitations recently from Democratic fundraising committees asking us to sign on to a petition to overturn the corrupt Citizens United decision, the worst part of which was to equate money with speech.

So why is there still even a single member of at least the Democratic House caucus who is NOT yet a co-sponsor of H.J.Res.19, which would initiate the process of amending the Constitution to get the big special interest money out of our elections? And the same goes for the Senate and the corresponding S.J.Res 19.

And as for the Republicans, are you running on a platform of corrupt government business as usual?

We, the people, will not vote for ANY member of Congress who will not stand up now to fix this.
